

AWOLOLA MUIZAT DOLAPO

Experienced software engineer with a focus on building engaging & accessible digital experiences. Looking to join your company as a Frontend Developer.

PROFESSIONAL EXPERIENCE

Software Engineer (Intern) — Enyata MAR 2024 - SEPT 2024

- Developed a comprehensive e-commerce platform, achieving a 20% boost in user engagement through enhanced features and user-friendly using React js, node js, MongoDB, PosGres and other major programming languages.
- Performed quality assurance and integration testing for completed projects ahead of deployment.
- Conducted unit testing to verify that each component of application functioned as expected
- Enhanced Realtime chat feature by optimizing system performance and scalability, achieving a remarkable 25% reduction in latency.

Frontend Developer (Intern) — Enyata AUG 2022 – NOV 2022

- Initially began working on projects to deepen my understanding of front-end development, gaining hands-on experience with various tools and frameworks.
- I actively participated in numerous startup events alongside other developers. Through these experiences, I learned about different projects and broadened my knowledge of diverse technologies and development practices.
- Regularly communicated project progress and updates to team leads or clients as needed.

Frontend Engineer Intern — ZURI Training JUN 2022 - AUG 2022

- During the Zuri I4G internship training, I actively participated as a part-time student, where I gained a solid foundation in HTML, CSS, and JavaScript.
- I engaged with various hands-on projects, applying the concepts I learned to build functional web pages and applications. I collaborated with peers on group projects, which enhanced my teamwork, communication, and interpersonal skills.
- Working in a team setting allowed me to integrate different ideas and perspectives while contributing to the success of the projects. This experience helped me grow both technically and professionally in web development

PROJECTS

Front End Developer- Enyata JUL 2024 – AUG 2024

Build a live project called Diary Dove. it is an innovative digital journaling platform designed to seamlessly integrate with users' daily communication tools-WhatsApp and email. By enabling diary entries directly through these familiar interfaces, DiaryDove offers a convenient and accessible way to maintain a daily journaling habit. The platform allows users to set reminders, ensuring they don't miss a daily entry.
